JIM BUTLER IS STRONG FAVORITE NEW YORK CURB

NEW ORE DISCOVERIES ARE OF GREAT IMPORTANCE TO FUTURE OF COMPANY.

Jim Butler is a decided favorite stock on the New York curb, despite the fact that several brokerage firms recently suspended for shorting this security. Concerning the future of the company the following analysis appears in the Mining Age:

"What can Jim Butler be developing into, is a question which is being asked on all sides. From advices from Tonopah it would seem that Jim Butler is developing into one of the really productive mines of Tonopah. The special dispatches coming to this office from week to week indicate that on the sixth and seventh levels the company is opening up an ore shoot which seems to hold a width of about eight feet and carry values of \$30 per ton or better across this width. Last week's dispatch stated that drifting had been commenced on four feet of milling ore on a parallel vein 250 south of the main or Fraction vein. During the early days of the camp's history Butler was one of the exceptional favorites owing to its central location and because high grade was found near the surface. The veins, however, proved to be badly faulted and ore shoots correspondingly brief. Advices from the camp indicate that a different condition of affairs is being found in the deeper levels and that ore shoots are continuous and strong. As the only way one at a distance can pass judgment upon a mining process is by comparing with other properties in the same camp, it would seem that Butler is opening ore shoots similar to those from which the camp's production has been made. From a market standpoint, moreover, color is lent to the belief that Butler gives real promise, for the reason that a great deal of Tonopah Belmont has been sold and Butler purchased by the same interests. These interests in the past have represented people in close touch with both properties.

To attempt to size up the present market in Jim Butler is a dangerous task. At first flush one is constrained to think that no matter how good the mine is the stock is due for a reaction after its recent sensational climb to the present quotation. On the other hand, when one recalls the fact that the same crowd of people are in Butler as were in Belmont during its steady climb from 60 cents to \$10 per share, one can hardly be blamed for wondering if history is about to repeat itself. At the present writing Butler is a speculation fraught with both the promise and uncertainty of all developing mines. But the possibility of a Belmont vein in Butler ground is alluring.

MEXICANS AND INDIANS FIGHT IN ESMERALDA

TWO MEN REPORTED KILLED AND OFFICERS DEPART FOR THE SCENE.

Two men are reported to have been killed and several wounded in a fight between Indians and Mexicans three miles south of camp this afternoon, says the Goldfield Tribune. Just how the fight started no one knows yet, as Sheriff Ingalls with Deputies Mercer and Bogard, Bob Ellington and a posse have not returned.

At the first news, Ingalls and his men left the jail in an automobile for the scene, which, it was reported to them, was on the summit beyond the canyon road on the way to Lida, although another report was that it was over in the direction of the Plute rancheria to the east of the Lida road.

The men shot are Mexicans and Coroner Barnes has gone to the place where they were killed to hold an inquest.

AMUSEMENTS

BUTLER THEATER.

At the Butler theater tonight will be shown another great special in two reels, "A Drama in the Air," a Pathe two reel feature. Ray Newell and Paul Van Arsdale, aviators, are in love with Betty Chapman. Betty announces that she will accept the winner of a race soon to be held. Newell, fearful lest he lose the prize,

disables Van Arsdale's machine. During the race, Van Arsdale's machine, slightly in the lead, suddenly drops to the ground and he is buried in the wreckage. Newell's treachery is unmasked in a clever manner by Van Arsdale's friend, Harry Wilson. Later Betty and her father visit Van Arsdale in the hospital and Betty naively informs him that he has won her heart if not the race. "Two Men and a Woman," a Solig drama, and "All on Account of a Transfer," an Edison comedy.

Tomorrow, a great war drama in two reels, "The Battle of Bloody Ford."

Socialist Lecture.
Mr. Ralph Korngold, the third lecturer of the Socialists, will speak in the city Sunday night, at the Nevada theater.

Mr. Korngold received his education in Holland, and is acquainted with the Socialist movement on both sides of the Atlantic. He will speak on "The Class Conflict."

DAILY BONANZA OFFICE

"Yes, our new wagon's a Studebaker—the only kind we KNOW"

"The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon."

"It's true, we're continually being offered other wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most."

"Long service for a fair price means more every time than short service for a few dollars less."

"That's why we stick to Studebaker—and 'Stick to Studebaker' is a pretty good motto for a man who uses wagons."

"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Studebaker wagons last, because they're made to last."

"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a safe investment."

Marred Surfaces Made New

A scarred or scratched table, or a chair on which the finish is marred, or any woodwork where the finish isn't what you would like, can be made new with

ACME QUALITY VARNOLAC

It's also good for floors. It will stand hard wear, because it's made from the best floor varnish. Varnolac not only renews, but it also stains and varnishes at one application. You can change oak or pine to a mahogany or walnut or dark oak finish, or any of the expensive hard wood finishes. And it's easy to do—you can do it yourself.

Our book, "Home Decorating," tells you how to do all kinds of home painting at trifling cost.

BIG SURPRISE TO MANY IN TONOPAH

Local people are surprised at the QUICK results received from simple buckhorn bark, glycerine, etc., as mixed in Adierika, the German remedy which became famous by curing appendicitis. The Tonopah Drug Co. state that this simple remedy draws off such a surprising amount of old foul matter from the body that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY.
